

Audio-Conferencing

Imagine the world at your fingertips

Telmex USA's Audio-Conferencing service lets you conduct cost-effective meetings with participants virtually anywhere in the world. With convenient toll-free access available from over 50 countries, Telmex USA's Audio-Conferencing helps you do business globally while cutting down on travel expenses. This unique on-demand service is available virtually whenever and wherever you need, without having to make reservations in advance. Our Audio-Conferencing service is also fully integrated with Telmex USA's Web-Conferencing. Easily manage conferences from any touchtone phone, or from your desktop using our unique point-and-click commands.

- Permanent toll-free access from over 50 countries for truly global reach.
- On-demand service does not require reservations.
- Fully integrated with Telmex USA's Web-Conferencing service.
